

THE **next** GENERATION OF CNC WORKFLOW!

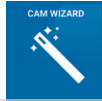

Ease & efficiency.

DESIGN

- Fusion 360
- Mastercam
- Compatible with most CAD/CAM Software

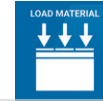

CAM

- Preview in simulation
- Cycle time estimate
- Check before you run

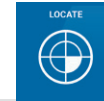

TOOLS

- Visual tool management
- Auto check
- Tool-length measurement

LOAD

- Instantly secure
- Vacuum/clamp
- Modular
- No screws, tape, gaskets, or tramping

LOCATE

- Visual bomb site with camera
- Pinch & drag
- No keyboard
- Simple & safe

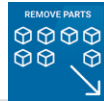

PROBE

- Precisely indicate
- Compensate for irregularities
- Reduce scrap rate

START

- High-speed spindle
- Evaporative coolant
- Real-time status
- Confidence

REMOVE

- Precise
- Clean
- No rejects
- Nested parts

SHIP

- No degreasing
- Burr free
- No post processing
- Profitable
